Parent-Teacher Conferences

Parent-Teacher Conferences will be held mid-term of the first and third nine weeks. Please attend regularly scheduled conferences. It is very important that you know what is going on with your child at school. We welcome your requests for other conferences. If you would like a conference otherwise, please make arrangements with your child's teacher.

Before the conference:

Decide what you want to ask the teacher.

Discuss the forthcoming conference with your child to see if there is anything he/she would like you to talk about with the teacher. Ideally, both parents should attend the conference. To make certain all concerns are addressed, parents are encouraged to bring personal notes relating to the conference. The teacher sees only one side

If your child and there may be things you know that could help the teacher better understand certain behaviors or problems.

After the conference:

Discuss the conference with your child. Talk about his/her strengths before discussing areas that may have been identified for improvement.

What You Can Do to Help Your Child Learn

* Start each day right; a calm beginning at home makes the school day much better.

* Encourage your child to have a good breakfast. Make certain that your child sleeps at least eight hours each night.

* Praise your child each day for something he/she has done. Have a special place to put school work or whatever is brought home.

* Laugh and talk with your child about school experiences and listen attentively to what is said about your child's school day experiences.

* Stress attendance. If the child is ill, home is the best place; otherwise, your child needs to take advantage of every school day.

* Keep the lines of communication open between yourself and your child's teacher. Inform the teacher of any family situation which could influence your child's behavior. Also, if he/she is reluctant to go to school, let the teacher know so that together you can find the reason.

* Take your child to the library and encourage reading for pleasure.

* Stress organization of school notebooks, materials, etc.

* Provide pencils, glue, scissors, paper, etc., for your child to use.

* Work at home with skills taught at school.

General Requirements

1. Class Load: All students must be enrolled in a minimum of 7, 6 academic classes each semester. "0" hour class is counted as one of the 7 required classes. Also included in these 7, 6 classes are: Band, Choir, and Phys. Ed.
2. A student may drop or add a course within the first 5 days of the semester. A form is available from the Principal and must be signed by the student's parents.

Online Study

A student may receive approval for online course enrollment under the following conditions:

1. To pursue a course of study not offered by Westhope High School
2. A schedule conflict prevents the student from taking a course he/she needs.
3. A maximum of two credits per year may be applied toward the total needed for graduation.

Educational Recovery (ER)

Students who have missing, incomplete or poorly completed assignments/work may be assigned mandatory ER by an instructor.

Students must attend the assigned ER with the instructor who assigned it or with their designee the same day the notification is given. Students are only required to remain at ER as long as it takes to successfully complete the required work to the instructor's satisfaction. A student who skips ER will automatically be given a discipline referral and assigned a mandatory detention. Continued skipped ER's may result in the more severe consequences.

Semester Tests

At the end of each semester, cumulative semester tests or projects will be given. These tests/projects will constitute 10 to 20% of your semester grade. Exemptions can be earned by receiving nominations from staff for the monthly Sioux Pride Award. Any student that has been given in or out of school suspension is ineligible for any exemptions.

Student Aide Program

This program will provide a junior or senior student the opportunity to assist a teacher in working with groups of students and/or individual students. Students will be under the direct supervision of the classroom teacher. The supervising teacher will give a grade each 9 week period based on criteria set by the supervising teacher. Students who successfully complete this program will receive $\frac{1}{4}$ credits per semester.

Academic Dishonesty

The following actions are reflective of academic dishonesty and are subject to disciplinary action by teacher, school, and/or district. Some offenses may be criminal in nature and therefore prosecutable under local, state, or federal laws.

- Using dishonest, deceptive or fraudulent means to obtain or attempt to obtain credit for academic work;
- Using notes, aids, or another student's assistance to complete a test, a project or other assignment in a way other than that expressly permitted by the teacher. Unless otherwise directed by the teacher, students should accomplish all assignments individually;
- Looking at another student's test, answer sheet, or other materials;

- Talking during a test. The teacher cannot be expected to determine the content of a private conversation between students, therefore, all talking during tests is considered cheating;
- Copying from or allowing another student to copy from a test, homework, or other course work-which is not intended to be collaborative in nature;
- Tampering with an instructor's records of grades or scores;
Abusing the privilege of Internet access as stated in Westhope High School's Policy for Use of the Internet;
- Accessing, deleting, modifying, transferring, or receiving of computerized files without authorization of the teacher. Although a student may authorize another student to copy or transfer electronic files, this action is considered cheating if effected without teacher permission;
- Plagiarizing materials; that is taking the specific or general substance of another person's work and offering it as one's own work without giving credit to the original author. Plagiarizing encompasses omitting quotation marks for directly quoted material, omitting bibliographic references either in the text or on a source page appended at the end of the assignment, and/or paraphrasing an author without giving credit to that author for use of his or her ideas. Paraphrasing is the student's use of an author's idea by rewording and/or rearranging that author's original text;

The student will receive an automatic zero (failing grade) on the assignment or test; no make-up work will be offered to compensate for the zero except at Teacher determination and can not be appealed to Administration or School Board.

Attendance

Attendance laws govern students in any North Dakota public school. These laws require all school-aged children to be in attendance every day school is in session. The law cites illnesses and certain other incapacities as exceptions to these requirements. The law provides local school boards the authority to establish standards for attendance. Classroom learning experiences are a meaningful and essential part of any educational system. Time lost from class is irretrievable; particularly for a student's opportunity for interaction and the exchange of ideas with classmates and teachers. The Westhope School district considers consistent and timely attendance a primary student responsibility.

Regulations that apply to student absences:

1. Attendance is the responsibility of the students and his/her parents or guardians. This responsibility includes being aware of the school district standards for attendance, *informing appropriate school officials in writing* of reasons for any absence of the student, and developing an acceptable attendance pattern for the student.
2. School personnel are responsible for keeping parents/guardians and the student informed of attendance patterns not meeting the district standards.
3. School work missed by the student during the absence shall be made up regardless of the reason for the absence. Missed school work will be made up on a "day for a day" basis (1 day for each day that is missed)
4. **Students may not exceed 10 days of absence each semester. Absences due to long term illness or injury, death in the family, religious holidays or gatherings (if a request is signed by a parent) are exempt from the 10-day absence rule. Any student who*

*accumulates more than 10 absences for a semester will not be eligible for credit. Also, if a student is absent from an individual class more than 10 times he/she will not receive credit. **

5. If a student exceeds the maximum number of absences, they may appeal their case to the school board.
6. All cases of school attendance and exceptions to the standards are at the discretion of the school administrator.

Absences

If you are absent from school, contact must be made with the school to explain your reason for absence. Immediately upon your return after being absent from school, you are required to obtain an admission slip from the principal or school secretary. A brief note from your parent, guardian, doctor, etc. will be required to explain your absence. If you have to leave the school early, you must notify the office what time you will be leaving. It is also necessary to obtain permission from the office to go to your car.

**No student will be allowed to participate in any NDHSAA sponsored extra-curricular activities if he/she has been out of school on the afternoon of the event*.*

Absences due to funerals, necessary appointments, etc, will be made at the discretion of the principal.

Tardiness

Tardiness is considered a form of absenteeism and will not be allowed. The classroom teacher will count students who are late for any class tardy. Every 3 tardies for a student will equal 1 absence from class. Students who have a legitimate excuse for being late for a class (visiting a teacher or the office) should bring a note explaining their tardiness.

Roll Call – Early Dismissal

Roll call is taken at the beginning of each period of the day. Students must be in school by 9:30 a.m. and must not leave before 2:30 p.m. to be counted for a full day.

A student is not to leave the school before the end of the day without permission from the principal or written permission from a parent or guardian.

Extra/Co- Curricular

Alcohol-Drugs-Tobacco-Criminal Activity Policy (ies)

The use or possession of tobacco products, alcohol, narcotics or other harmful illegal drugs is strictly prohibited. Any participant or member of any extra-curricular activity or organization who indulges in any of these practices will be suspended from all participation or other public appearances and from membership in any school organization from the date of the infraction or admission or date of hearing for a period of six consecutive weeks for the first offense and for a period of eighteen consecutive weeks for the second offense within the same school term. The rules follow the NDHSAA rules. Any awards ordinarily given by the school may be rescinded upon violation of the rules listed above.

Involvement in any criminal activity (except minor traffic violations) and conviction by an adult court or placement on probation by a juvenile court shall result in a 6-week suspension from extracurricular activities. This policy will be enforced all 12 months of the year. Suspension will begin on the time and date of above said conviction.

NDHSAA rules are in effect in all cases.

1. A student may practice cheerleading and/or athletics but may not participate in games during the suspension.

2. A band or choir student may practice and participate in activities that are considered class requirements but may not represent our school in NDHSAA sponsored events.
3. A student on suspension may not be considered for homecoming royalty.
4. A student will not be considered for team/district/regional awards.

Church Night

Wednesday evening is set aside as church night and school activities involving students are to be completed by 6:00 p.m. on these nights. **(Note: Coop practices are an exception due to travel constraints. Example: Practice must be completed by 6 pm but travel home from Glenburn may require another 45 minutes. Students who have a church activity will also be allowed to be excused from Wednesday practice by coaches/advisors with no team/activity penalty to the student.)** No school activities are to be held on Sunday, except with special permission from the administration.

Scholastic Eligibility

In order to participate in extracurricular activities at Westhope Public School, students in grades 7-12 must be passing all subjects. Grades will be computed from the beginning of the semester and eligibility will be checked after the first two weeks of the grading period and on Friday afternoon every week thereafter.

Student Conduct

Acceptable Use of Technology

The acceptable use of technology resources policy must be signed by the parent/guardian and student, and returned to school before the

student will be allowed to use either EduTech or the Internet.

Assemblies

Attendance is required for all school assemblies. Proper applause shows good manners, while whistling, stomping feet, yelling and not paying attention have no place in a well mannered student body. All speakers deserve and will receive the courtesy of your full attention and use of manners.

Bullying

"Bullying" means:

- a. Conduct that occurs in a public school, on school district premises, in a district owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event and which:
 - (1) Is so severe, pervasive, or objectively offensive that it substantially interferes with the student's educational opportunities;
 - (2) Places the student in actual and reasonable fear of harm;
 - (3) Places the student in actual and reasonable fear of damage to property of the student; or
 - (4) Substantially disrupts the orderly operation of the public school; or
- b. Conduct that is received by a student while the student is in a public school, on school district premises, in a district owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event and which:
 - (1) Is so severe, pervasive, or objectively offensive that it substantially interferes with the student's educational opportunities;
 - (2) Places the student in actual and reasonable fear of harm;
 - (3) Places the student in actual and reasonable fear of damage to property of the student; or
 - (4) Substantially disrupts the orderly operation of the public school.

"Conduct" includes the use of technology or other electronic media.

****Bullying in the school building, on school grounds, on the bus, or at school sponsored functions will not be tolerated and will be grounds for disciplinary actions including suspension or expulsion.****

Please reference school board policy for more information.

Cell Phones/Electronic Devices

Students who choose to bring their cell phone to school must keep them turned off during the normal school hours. The use of cell phones will only be permissible during the noon hour and passing periods between classes. Electronic devices will not be allowed for use unless they are being used for an academic class. Any student in violation of these rules will have their cell phone turned into the Principal at which time a decision will be made as to when it is returned according to the school's cell phone policy.

Class Procedures-Study Hall-Library

Students are to report to each class on time and with the proper books and materials for each class. Students are not to call other students or teachers out of class. If visitors are brought to the school by students, they must first be cleared by the Principal. Parents are welcome to visit the school at prearranged times. Study hall and library are to remain orderly and quiet at all times. Each study hall teacher and librarian will make the rules known to each student.

Dress Code

Personal appearance is usually an index to the attitudes and behavior patterns of an individual. Westhope High School stresses appropriate dress and good grooming. The advertising of alcohol, tobacco products, profanity, or lewd suggestive phrases or images on clothing will

not be allowed. **Clothing that is determined to be too revealing will not be allowed.**

Motor Vehicles

Extreme caution is to be used by students who drive to and from school each day. Extreme care is to be exercised by drivers who pass by the school to avoid injuring students who may be walking to or from school or who may run onto the street when playing around the school. Students exhibiting reckless driving will be reported to the law enforcement immediately. No driving of vehicles is permitted during school hours except by special permission by the administration.

School Field Trips

Properly supervised and planned educational field trips are an important part of the education program. A signed permission form from a parent or guardian is required for all field trips.

Student Lockers

Each student will be assigned a locker by the Principal at the beginning of the school year. They are to be used for storage of school books and materials and a place to hang coats. The lockers are school property and are subject to inspection by school officials at any time. Students should not keep money or other valuables in their lockers as they cannot be locked. If a student wishes to put a lock on their gym locker, one may be rented from the school. The school is not responsible for theft of personal property. If money or valuables need to be kept secure, they can be kept in the school office.

Students are to stay away from other student's lockers and stay away from the locker area during class time when possible.

Senior Privileges

Senior privileges are exactly what the name implies; "privileges" not "rights". If it is decided that senior privileges will be given, they will occur during the first or second semester, or both. The high school principal will decide when or if those privileges will start. Only eligible seniors will be granted privileges. To be eligible a senior must be passing all academic classes, clear from any recent detentions or suspensions, and not have any excessive absences. Seniors with privileges are exempt from study halls unless there is a secondary school activity (lyceum, assembly, etc.). All seniors will adhere to checkout procedures for being absent from class or leaving the school grounds as set forth by the principal. No seniors with privileges will be allowed to drive around during their privilege time. All seniors will not be allowed to loiter the hallways or distract classes in session whether in or out of the school building. The principal will be allowed to use his discretion on rules for senior privileges.

Social Events

School dances and parties are to be held outside school hours and under the supervision of a faculty member who is the advisor of the sponsoring school organization. The school will not sanction dances or parties held away from the school. School dances and parties are to be held only if there is no conflict with regular curricular programs or previously scheduled extracurricular activities. These functions are to be attended only by the Westhope student body and such invited guests which have been approved by the principal prior to the event. Dances will be held with chaperones consisting of the faculty advisor and at least two adults.

Student Safety

RELATIONS WITH DEPARTMENT OF HUMAN SERVICES

Students in apparent need of social service assistance may be referred to the Area Department of Human Services.

The Westhope Public School Board requires all school employees to fully comply with the mandatory reporting provisions concerning child abuse and neglect, including reporting reasonable suspicion of child abuse/neglect arising from images found on a workplace computer.

Accidents-Injuries

The school subscribes to a benefit plan for minor accidents or injuries. In case of illness or injury in school or at a school function, the school officials will telephone the parents so that they can arrange for proper care. For severe injuries, school officials will call the ambulance.

Fire, Tornado and Disaster Emergency Drills

There will be at least one fire, tornado, or disaster emergency drill conducted each month except when the weather is inclement. Rules governing these drills will be given at the beginning of the school year.

Pet Policy

Due to the risk of the spread of infectious disease, the bringing of pets or wild animals to school will not be allowed.

Recess

Recess is important to the health, fitness, learning and socializing of students. If

parent/guardian wants their child to remain inside the building during recess, the request must be submitted in writing.

Have your child dress appropriately for the prevailing weather. Wearing boots and adequate clothing (warm coats, mittens or gloves, caps, and scarves) during winter or wet weather is part of good health and safety practices for all students. The School follows the policy that if the temperature or wind chill is below zero students will not go outside for recess. For the safety of your child, please inform the teacher or principal of any assistance or precautionary measures your child may require.

School staff will supervise the playground at morning, noon, and afternoon recess. The playground is not supervised before and after school. Students are expected to be in the classroom or participate in the walking program in the morning and to leave the school grounds immediately following dismissal.

Reporting Child Abuse and Neglect

Any school teacher, administrator, or school counselor having knowledge of or reasonable cause to suspect that a child coming before him in his official or professional capacity is abused or neglected has a professional obligation to report the circumstances to the Children and Family Services Division of the Department of Human Services Board of North Dakota.

Storm Days

Should it become necessary to close school early or to cancel school, an announcement will be made via the Instant Alert system that is in place at our school. Each parent will receive a phone call, email or text regarding such announcements. Parents may pick up their children early during storm situations. Parents should be assured that if any emergency situation develops students will be cared for

until the condition improves. Each student must have a pre-determined storm home in town where he/she may stay if the buses are unable to run.

Threatening Language Acts of Violence

Any student who makes threats, whether verbal or in writing, to do bodily or physical harm to another student or staff member, or damage to school property (bomb threats, etc.) may be suspended and/or expelled from the school after a hearing before the administrator or the school board, as provided by board policy. The school district also reserves the right to refer any violation of this policy to the Bottineau County Sheriff's Department or the North Dakota Bureau of Criminal Investigation. Authority: Section 15.1-19-09.10 N.D.C.C.

Weapons Policy

The Westhope School Board determines that possession and/or use of a weapon by a student is detrimental to the welfare and safety of the students and school personnel within the district. No student will knowingly possess, handle, carry or transmit any weapon or dangerous instrument in any school building, on school grounds, in any school vehicle or at any school sponsored activity. Such weapons include but are not limited to any knife, explosive gun (including pellet and paint ball guns), or any object that can reasonably be considered a weapon or dangerous instrument. Violation of this policy will result in disciplinary action. All weapons will be confiscated and may be turned over to the student's parents or law enforcement officials at the discretion of the administration. Bringing a weapon, as described in 18 U.S. C. 921 to school will require that proceedings for the expulsion of the student involved for a minimum of one year be initiated immediately by the administration. The

superintendent may recommend a modification of the expulsion on a case by case basis. This modification shall be based on the circumstances revealed in the investigation into the incident conducted by the superintendent. A student who is defined as having a disability under the Individuals with Disabilities Education Act may be placed in an alternative educational setting for up to 45 calendar days, during which time a determination will be made as to whether bringing the weapon to school was a manifestation of the student's disability. Discipline and placement of the student will be in accordance with the Individual with Disabilities Education Act.

Proper conduct in school is expected from all students. Proper behavior and respect should be displayed by students participating in extracurricular and co-curricular activities not only on the court or field, but also in the classroom and hallways. Health Issues

Allergies

It is the parent's responsibility to notify the school if your child has any food or environmental allergies and to set up an Emergency Health Plan.

Contagious Diseases

Contagious Diseases such as colds, flu, whooping cough, pink eye and chicken pox should follow the recommendation of the First District Health Unit and the North Dakota Department of Health to prevent the spread of contagious diseases. Examples of precautions are: covering mouth when coughing or sneezing; washing hands with soap and hot water, staying home if you have a fever and/or any other directives from our doctor. Our

district has an obligation to the common as well as the individual welfare of our students and personnel. It is imperative that wise decisions are made with respect to the individual and the student population about contagious diseases.

Head Lice

None of the district's schools shall prohibit a student with a lice infestation from attending school.

The District shall make an effort to assist in head lice prevention. Administration should issue guidance to parents on an annual basis on head lice screening techniques and prevention. The District may perform a head lice screening on any student exhibiting symptoms of a lice infestation and/or will notify the child's parent/guardian of the suspected infestation. The District may also perform a head lice screening on any student who has had head-to-head contact with an infested student and/or will notify the child's parent/guardian that the child has been directly exposed to head lice.

This program is only available to students when the applicable requirements under School Board policy ABCD have been satisfied.

Significant Medical Conditions

If your child has a significant medical condition that may hinder his education the school should be notified and a 504 plan and be designed to meet your child needs.

Avera E-Care

School health services are designed to promote and improve the health and wellness of students. Providing school health services assists students in developing and applying academic knowledge to help promote continuous growth toward becoming an effective citizen with our society. The eCARE eSchool program assists Westhope School District in providing basic emergency care for students and staff; assessment and referral for all students; nurse oversight of medication; essential health services for special needs students; and health promotion and disease prevention activities which address wellness across the lifespan. With the philosophy that "healthy students learn better", professional school nurses address the physical, mental, emotional, and social health needs of our students on a daily basis and work with parents and community partners to best serve these needs.
